MESH and SOLID SAFETY COVERS

PERFORMANCE[®] SAFETY COVERS

MESH SAFETY COVER FABRIC SELECTION

We designed the Performance Safety Cover to protect both your pool and your family. Our pool covers are manufactured to your specific pool size and shape.

A properly installed Performance Safety Cover will help prevent accidental intrusion by children and pets.

Best warranties in the industry!

7000MS™ High Shade Mesh* 20 Year Warranty

A light-weight, ultra-fine weave mesh blocks 99% of sunlight and filters fine dirt particles down to 40 microns. Rain and melting snow simple drain through the mesh. A low maintenance, easy care cover.

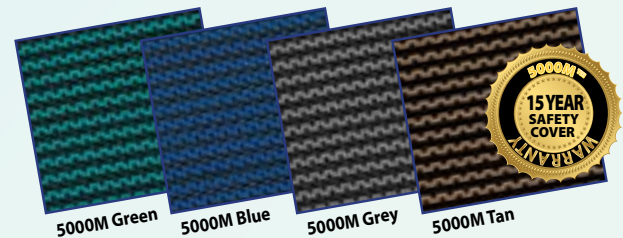

9000MX™ Max Shade Mesh* 25 Year Warranty

9000MX Exclusive Design

The 9000MX is built with reinforced mesh, box stitched thread at critical webbing joints and equipped with heavy-duty suspension, this cover is designed to exceed.

5000M™ Standard Mesh 15 Year Warranty

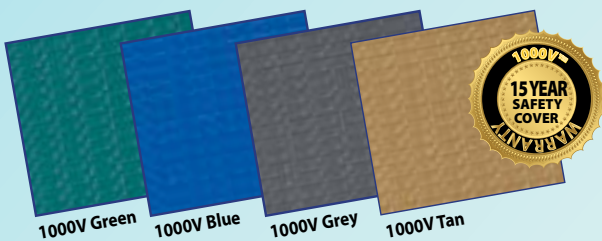

This durable micro weave fabric has the highest abrasion resistance and tear strength in its class. It filters debris and dirt while allowing water to freely drain through the mesh.

*9000MX and 7000MS Mesh U.S. Patent No. 6,886,187 – 99% Shade

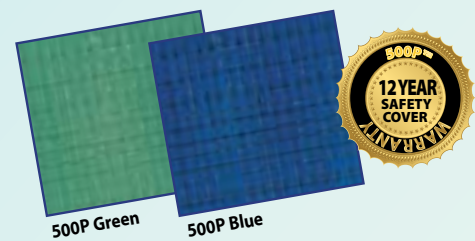

SOLID SAFETY COVER FABRIC SELECTION

1000V™ Heavy Duty Solid** 15 Year Warranty

Our heavy duty vinyl coated polyester solid cover is a complete barrier to sunlight, dirt, debris and water. This material is UV and mildew resistant and provides complete protection from the elements.

500P™ Lite Duty Solid** 12 Year Warranty

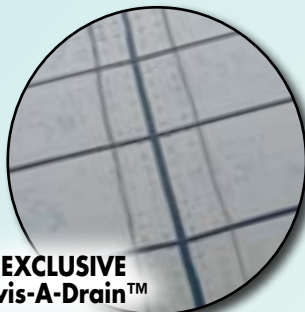

Our light weight 7 oz. solid cover provides a 100% barrier against sunlight and debris. The light weight material is easy to handle and is UV and mildew resistant.

EXCLUSIVE Invis-A-Drain™

1/4" drain holes are located every 6" in reinforced vinyl, down the center of the solid cover. Beneath is a 12" wide mesh drain filter panel designed for easy cleaning. No other manufacturer offers this feature.

**EXCLUSIVE
Invis-A-Drain™**

Little Giant Safety Cover Pool Pump

Use our weighted pump as another option to remove standing water on solid safety covers.

**All solid covers are offered standard with a drain panel, or choose an optional cover pump. Properly winterizing your pool in conjunction with a Performance safety cover will provide maximum protection against algae growth. With 91% sunblock, the 5000M, may be less effective in minimizing algae growth in certain installations.

FEATURES FOR A SECURE AND SAFE COVER INSTALLATION

A) EXCLUSIVE - Kem-Kap

For safety cover in season service access.

B) Interlocked and Double Overlapped Seams

Performance Safety Cover seams are interlocked and double overlapped. The cover is hemmed and sandwiched between double layers of webbing. Edges can't unravel, which provides years of trouble-free Performance.

C) Heavy Duty Double Spring w/ D-Ring

Heavy duty stainless steel double-coil springs, with D-Rings for ease of installation and adjustment. They have a lower profile, so covers lay flat and fit tight.

D) Box Tack Sewn Reinforcement

Box tack reinforcement on all perimeter straps, including thread to resist ultra-violet rays and pool chemicals.

E) Metal End Cap

Completely finished off web with a metal end cap, to deter raveling and make for easy insertion into the spring D-ring.

E) Chafing Strip

Anti-rub Chafing Strips can be factory installed to prevent your cover and pool edge from chaffing damage.

PERFORMANCE[®] SAFETY COVERS

MESH and SOLID SAFETY COVERS

Make Safety A Priority!

While covers are designed and used for safety, it is recommended that covers are not walked on for any reason.

This Area Warning Sign must be permanently and Conspicuously Affixed in the pool area so it can be easily seen by everyone using the Pool.

IMPORTANT!

"No Diving" signage is a component of the swimming pool and must be installed on the coping around the perimeter of your pool. "Caution" signage also must be affixed to the steps.

As members of APSP, we would like to inform you of several publications that you may wish to request from APSP: "The Sensible Way to Enjoy Your Inground Swimming Pool"; "Children Aren't Waterproof"; "Pool and Spa Emergency Procedures for Infants and Children". These publications can be ordered from the APSP by calling or writing to: The Association of Pool and Spa Professionals, 2111 Eisenhower Avenue, Alexandria, VA 22314, 800-323-3996. Or visit the APSP consumer web site at theapsp.org.

Real Life Happens...

"Having forgotten something in the house, my wife left our Toyota Sequoia running in our driveway with the transmission in park, or so she thought. After a few moments in the house, she returned to the driveway to see the vehicle rolling backwards through a fence, over a four foot stone wall and falling onto the pool. That's when I got the call at work to come home."

Dr. Chance, Portland, ME

SAFETY IS EVERYONE'S RESPONSIBILITY

As much as we try to build in every possible safety measure, it is the consumer purchaser's responsibility to follow all safety instructions provided with the Performance Safety Cover, and to educate all users of the product as to its safe and proper use.

The Warranty information provided represents a brief synopsis of the full written warranties for the products described. We stand behind every product we produce pursuant to those representations which are stated in our written warranty only.

NOTICE: Your dealer/builder/contractor is an independent

business person. We cannot and do not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.

All cover samples are for illustration purposes only. The manufacturer reserves the right to change cover selections without notice. Covers depicted are representative of the actual material; however, variations in color and shading may occur.
