

A photograph of a modern backyard pool with a vinyl over step finish. The pool has a blue-green speckled finish and a set of three steps leading into the water. The pool is surrounded by a stone wall and a patio area with lounge chairs and potted plants. The word "latham" is written in a white cursive font in the upper left corner.

BUILT-IN BEAUTY

Latham vinyl over step features are the focal point of any vinyl pool. The vinyl liner material covers your steps, allowing continuous beauty throughout the entire pool.

By choosing among a variety of step designs, benches and sunledges in our vinyl over steel or vinyl over polymer steps, you can create a great place to sit, relax and cool off.

INDUSTRY-LEADING

Latham offers the most robust vinyl over step program including the widest selection of sizes and shapes.

Our step technologies include vinyl over steel steps, as well as vinyl over polymer.

Your Latham Builder can guide you through the best option for your pool.

All Latham vinyl covered step systems come backed with a Lifetime structural warranty for convenience and peace of mind.

FINISHING TOUCH

Steps with vinyl-over lining improve a pool's cohesive appearance. Latham's vinyl-over step systems create a complete, seamless look — covering the entire pool surface up to the decking.

All Latham liners feature **ULTRA^{SEAM}** technology for the strongest seam you'll never see.

DROP-IN STEPS

Looking to replace your current pool liner? Enhance the look of your existing pool by adding a drop-in step or bench feature. Not just for looks, these simple bolt-on features can provide additional entry/exit points or additional seating for your backyard paradise.

NOTE: Once installed in their final position, vinyl over step pool liners may vary with minor imperfections in certain applications, such as small puckers or wrinkles in 90 degree corners. This will not detract from the overall look and performance as it is normal with most vinyl over features.
