**PERFORMANCE[®]
POOL PRODUCTS**

Imagine for
yourself...

One yard.
One pool.

So many reasons.

A relaxing hideaway.
A family gathering place.
An invigorating workout.
A party playground.

**The gentle bobbing of
the water...**

Lifts you along.

Raising your spirits.

Easing your mind.

Soothing your soul.

In some pictures, the safety rope and floats have been removed from the pool for photographic purposes. The safety rope should be permanently attached at all times. We also urge you to use handrails and grabrails in accordance with the Pool & Hot Tub Alliance standards.

Your Dreams Take Shape

Almost unlimited choices...

Today's world includes almost unlimited choices. It's the same with your Performance Pool, which offers a wide selection of options that allow you to customize your pool. Select from more than a dozen pool shapes, including traditional rectangles and ovals as well as the most elegant Mountain Lake II and Lagoon silhouettes. Then choose your pool liner, the size, and the number of pool steps. As you design your Performance Pool, you'll be creating the pool that fits your lifestyle and harmonizes with your natural environment.

We’re Behind You All the Way

Getting building permits is easier with Performance Pools.

We are the only packaged pool manufacturer to receive ICC-ES Certification of its products.

What is ICC-ES? International Code Council Evaluation Service (ICC-ES) ensures that building products meet code requirements.

Building inspectors and engineers look to the ICC-ES evaluation reports for evidence that the products and systems are code-compliant — and can receive a standardized branded pool blueprint coded with ICC-ES report number, stamped and signed by a licensed engineer.

Inspectors’ #1 choice for approving building codes* are ICC-ES certified products.

*Final permit approval is up to the discretion of each individual municipality’s code official.

PERFORMANCE[®] POOL PRODUCTS

Lots of Options for Steps

Thermoplastic Steps

Our thermoplastic steps are sturdy and durable. Co-extruded and vacuum-formed from a single sheet of ABS supported by material from BASF*. Our thermoplastic steps are 100% non-corrosive and will stand up to the elements.

Acrylic/Fiberglass Steps

Acrylic/fiberglass steps have set the standard for in-ground pool step systems. Inherently rigid and strong, acrylic and fiberglass steps are vacuum-formed from a single piece of acrylic and then backed with multiple layers of fiberglass for unsurpassed structural support; the strength is built into the step itself. This acrylic structure is easy to clean and impervious to the elements.

Vinyl Over Steps

Our Vinyl Over Steps are more than just a swimming pool step, you can choose to combine them with a bench for a customized poolscape. Your liner covers the entire interior pool surface for uninterrupted beauty of your liner pattern. It's your place to sit, relax, and cool off on a hot summer day.

From Simple to Sophisticated

Look how easy it is to add PIZZAZZ to any existing pool. Our Vinyl Over Steps system can be used in any type of vinyl lined pool.

Consider our Vinyl Over Steps system for a beautiful uninterrupted liner pattern across your pool, and to build steps customized to your design specifications. Ask your dealer for details.

PERFORMANCE[®] POOL PRODUCTS

Featuring

ULTRA-SEAM[®]

Patent Pending

Liner Technology

Standard on every Performance Liner.

The strongest seams you'll never see! Over 500,000 installs!

Beautiful Vinyl Patterns

Inground Vinyl Liners

Unlike other surfaces, Performance vinyl liners are easy to clean, soft to the touch, and look terrific! Made from the best vinyl material available, Performance liners are treated to be resistant to algae and bacteria and UV resistant for a longer life.

Performance liners are designed and manufactured using the most advanced technology in the industry. Our skilled and knowledgeable designers and machine operators take pride in every liner they make. As a result, you get the highest quality, best fitting liner money can buy. Our quality control is second to none.

It is often said that a vinyl liner is the crowning jewel on a swimming pool. We are proud to offer you an array of trend-setting liner patterns allowing you to customize your poolscape to match your style and taste.

Visit lathampool.com to view our complete pattern selection.

- North America's Largest Inground Liner Manufacturer
- More Patterns to Choose
- Exclusive Patterns
- Top Quality Vinyl
- Computer Driven State-of-the-Art Technology
- Over 60 Years of Experience
- Backed by One of the Best Warranties in the Industry
- Perfect for Replacement Liners
- Feature Ultra-Seam[®] Invisible Seam Technology

Ultra-Seam[®]

No visible floor seams.

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative Ultra-Seam[®] technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool!

Now standard on every Performance Liner. For more information, ask your dealer about Ultra-Seam!

Automatic Safety Covers for safety, savings, and convenience...

Choice of
Ten Standard Fabric
Colors

Custom designed to fit your pool

A Coverstar or Pool Cover Specialists automatic safety cover is custom designed to fit your pool. Multiple track options and ten different fabric colors allow you to choose the system that best fits your pool and backyard.

Save on heat, water, electricity, and chemicals.

A Coverstar or Pool Cover Specialists automatic safety cover reduces evaporation by up to 90% which can save you up to 70% on heating costs and up to 50% on chemical costs.

Less time cleaning...more time enjoying!

A Coverstar or Pool Cover Specialists automatic safety cover keeps dirt and debris out of your pool. You'll spend less time cleaning your pool and adding chemicals and more time enjoying it!

9000MX Exclusive Design

Performance Solid and Mesh Safety Covers

We have designed the Performance Safety Cover to protect both you and your family. Our pool covers are manufactured to your specific pool size and shape. A properly installed Performance Safety Cover will help prevent accidental intrusion by children and pets. Performance Safety Covers are made with your choice of solid or mesh material. Bio-Shade technology is incorporated in our mesh material to inhibit the growth of algae in your pool.

9000MX™ Max Shade Mesh 25 Year Warranty*

The 9000MX is engineered for a new level of protection. Built with reinforced mesh, box stitched thread at critical webbing joints and equipped with heavy-duty suspension, this cover is designed to exceed expectations and is appropriate for demanding applications.

7000MS™ High Shade Mesh 20 Year Warranty*

A light-weight, ultra-fine weave mesh blocks 99% of sunlight and filters fine dirt particles down to 40 microns. Rain and melting snow simple drain through the mesh. Excellent all-climate performance in a low maintenance, easy care cover.

5000M™ Standard Shade Mesh 15 Year Warranty

This durable micro weave fabric has the highest abrasion resistance and tear strength in its class. It filters debris and dirt while allowing water to freely drain through the mesh. A good choice for a combination of protection and value.

1000V™ Heavy Duty Solid Vinyl 15 Year Warranty

Our solid polyester vinyl cover is a complete barrier to sunlight, dirt, debris, and water. Heavy-duty construction provides protection from the elements and prevents algae growth, which helps for faster spring pool openings.

500P™ Lite Duty Solid Vinyl 12 Year Warranty

Our lite weight 7 oz. solid polyester vinyl cover will provide a 100% barrier from the sun. The light weight material is easy to handle, and is UV and mildew resistant. Available in blue and green.

Relax and have fun...

Don't worry that maintaining your pool will take time away from enjoying it. Routine maintenance can now be reduced to a mere hour per week with state-of-art filtration and sanitation systems. Ask your dealer for specific information.

In some pictures, the safety rope and floats have been removed from the pool for photographic purposes. The safety rope should be permanently attached at all times. We also urge you to use handrails and grabrails in accordance with the Pool & Hot Tub Alliance standards.

BE SMART, PLAY IT SAFE

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate in pool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/PHTA or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/PHTA or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;
- ensure that ALL CHILDREN using their pool are supervised constantly;

- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgment does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and also available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- PHTA "Sensible Way" Book
- Vinyl Swimming Pool Liner-Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and that you install the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

NOTICE: The manufacturer stands behind every product they produce pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.
